

St. Pat's SPOTLIGHT

MAY 18, 2017

GROUND BREAKING OF SAINT PATRICK ACADEMY

We celebrated the groundbreaking of Saint Patrick Academy on Saturday. The day began with a Mass at Immaculate Conception Church followed by a blessing at the doors of the current building. From there, everyone went to the site of the new school for the actual groundbreaking ceremony. The 8th graders were given golden shovels to use and keep as mementos. Current families, alumni, prospective families, and community members were all there to support the new endeavor.

All the schools in the Diocese of Manchester went to the Fisher Cat stadium this week to celebrate the Consecration to Mary of our diocesan schools. There were 6,000 students and staff in attendance. Our First Communion students and altar servers participated in the procession. It was a truly remarkable event!

The 5th, 6th, and 7th graders visited Boston last Friday. The 5th and 6th graders walked the Freedom Trail and got ice cream at Faneuil Hall. The 7th graders spent the day at The Boston Museum of Science.
