

The Academy Spotlight

MARCH 23RD, 2018

Our annual Clover Run 5K actually fell on St. Patty's Day this year and there was plenty of holiday spirit at the event! We moved the race from downtown Portsmouth to our new school campus. Despite the wind and chilly temperatures, 175 runners participated and others were there to volunteer or support. We would like to thank Jill McFarland for organizing the event and all of our sponsors, especially Mr. Jim Diamond & Ms. Barbara Stewart for underwriting the event. Thank you!

The fourth grade class visited the new campus this week and they were so excited about the progress! They wrote a thank you note and collected money for a Dunkin' Donuts gift card for all the workers.

The fifth graders and their kindergarten buddies raised money to send a Build-a-Bear to a little girl in Oregon who suffered burns in an accident. Bradley initiated sending cards last month and the class decided they wanted to do more by sending a gift.
