

The Academy SPOTLIGHT

APRIL 6TH, 2018

On Thursday, April 5th, Saint Patrick Academy welcomed our alumni and community members to walk through our Austin Street school for one last time before we move to our new facility on Banfield Road in just a few weeks. We had over 150 guests walk through the halls, reminiscing about their days at St. Pat's. Alumni signed the alumni wall before leaving and had their picture taken in front of the St. Patrick School sign. It was a great evening.

Left: The 5th graders used money from their charity dress down day to buy food to donate to **End 68 Hours of Hunger**. This is a local organization that provides food to families in need for the weekend. Our students were responsible for buying healthy foods and dropping it off at the local chapter.

Right: Morgan and the second grade class waved palm branches while preparing for Holy Week. This was a culminating activity from their Resurrection Eggs project.
