

# The Academy SPOTLIGHT

AUGUST 31ST, 2018

## WELCOME!

Thank you to Mr. Bean '66 and our neighbor, Mr. Croteau, '52 for repairing and painting our soccer goals on our new field.

Kaidan, a rising 3rd grader, enjoyed spending time in California and Colorado this summer. He house sat a friend's dog in the Bay area which he found extra fun and he met some family members for the first time in Colorado. Kaidan also enjoyed hiking the Rocky Mountains with his cousin and playing soccer.

**Mums from Moms for Mary...**A big thank you to the moms who self-organized and beautified our statue area...and to one of our 4th graders, Dominic, who helped as well.

Jim Broom, President of The Hope for Tomorrow Foundation and Rob Tillotson, Founder and President of Oak Point Associates, shake hands after the final walk through of Saint Patrick Academy. The school has been submitted for an architectural design award!

It was so exciting to welcome 86 new students and 85 former students to our Meet & Greet and New Family Orientation this week! We look forward to this exciting school year! We will see you all next week!
