

# The Academy SPOTLIGHT

SEPTEMBER 22TH, 2017

Above: Miss Driscoll's fifth and sixth grade classes walked to the Portsmouth Public Library this week for a tour and to learn more about the history of Portsmouth at the library's display.

The fall basketball clinic for all 4th-8th grade students will begin this Friday night at Lister Academy 5:15-6:45. All students are welcome to attend regardless of prior experience or team membership. This clinic is available on a drop-in basis through Friday, October 20th.

Below: Saint Patrick Academy's Cross Country team competed in their first meet of the season last Friday at Berwick Academy. Sam Philbrick was the fastest runner in the entire meet with a time of 13:03 over the 2.1 mile course. Zoe Robertson participated in her first SPA athletic event and was our school's first female runner across the finish line! Congrats to all our athletes!

Mrs. Frazier's second grade class is learning that **God IS love**. They made special bookmarks with this message to use in their religion workbooks. Mrs. Frazier collaborated with the publishing company, Sophia Institute, and wrote this lesson for our new Spirit of Truth religion program.
