

The Academy Spotlight

MARCH 9, 2018

In honor of Dr. Seuss' birthday this week, Miss Brown's Pre-K class ate green eggs....well, not really green eggs....green pistachio pudding with vanilla wafers. :)

Mr. Scwerdt read *The Lorax* to the Pre-K, K, 1st, and 2nd graders this morning. They even made Lorax mustaches to wear. 1st grader, Maci, said "My favortie part was when they made the thneeds out of the Truffula Trees. Carson said he "liked having Mr. Schwerdt read to them."

This week New Heights began a five week session of engineering challenges with the 3rd-8th grade. They began with "the egg drop challenge" which required groups of students to come up with an egg delivery system complete with a marketing plan. The egg needed to be dropped by an adult standing on a chair to the floor and not break. Each grade had one group who successfully completed the challenge. The kids all thought this STEM activity was EGG-cellent. :)

The cast of Aladdin Jr. is rehearsing the number *Friend Like Me*. They are heading into the final weeks before the show! Friday, April 13th & Saturday, April 14th at 7:00 pm at Community Campus.

The kindergarten class acted out the Bible story of *The Wedding in Cana*. Nora and Jack were the bride and groom with Sophie and Bradley as the Maid of Honor and Best Man. They had a reception complete with the miracle of the water turning into wine and dancing.
