# ABOUT THE MIND ~ BODY ~ SPIRIT CAMPAIGN.

The MIND BODY SPIRIT campaign will result in an increased ability to deliver an Education that is Fully Alive through the construction of our own multi-purpose facility right here on campus. This project will ensure the security and expansion of our co-curricular activities to enhance all of our students' experiences by providing maker spaces to explore and pursue a broad range of curiosities and interests, a full-sized gym for physical education and sports, and space for the visual and performing arts: Mind, Body, and Spirit!

We glorify God when we expand our capabilities and develop our talents so we may know, honor, and serve Him, who loves us, more fully. By participating in this campaign, you will be helping us encourage our students to flourish and excel through hands-on projects, movement, and creativity.

***“The glory of God is  
man fully alive.”***

*~ St. Iranaeus*

***“It would be so exciting  
to walk out the front door  
to our gym class and to  
practice before basketball  
games! It would be so  
amazing with a whole  
new space!”***

*~ Audrey, 7th Grade*

# 1.

**GIVE.** \$1,000,000 matching gift is live.

With your generosity, we will be empowered to create even more programming to ensure that our students continue to grow and thrive. Your contribution will have a positive impact on so many lives – and on our community – for years to come.

*There are many ways to give.  
Won't you join us?*

- ◆ 1-5 year commitments
- ◆ 100% tax deductible\*
- ◆ Donate appreciated securities and save even more on taxes
- ◆ Leave a legacy in your estate plan
- ◆ Recognition in the main entrance and in our prayers for years to come

## **BUILD.** Construction has started; now is the time to join the cause.

We are proud to be working once more with Oak Point Associates who will manage the design and construction of this new state-of-the-art facility. Our goal is to open our new facility in Spring of 2021!

### **Project Milestones**

- ◆ **February 2020, City Planning Board approved application**
- ◆ **April 2020 – Project bids due**
- ◆ **May 2020 – Builder selected**
- ◆ **Summer 2020 – Construction begins**
- ◆ **Spring 2021 – Grand Opening of new multipurpose facility**

***“I love being in our spring musical because I get to act and I love how included everyone makes you feel! It would be exciting to have our own space for rehearsals!”***

*~ Mariela, 7th Grader*

3.

**IMPACT.** *Open facility in early 2021.*

## MIND

Our new facility will allow us to create co-curricular programs through additional spaces designed to grow the mind. We will develop unique programming to encourage critical and executive thinking. Igniting the imaginations of our students will teach them to take ideas from creativity to implementation.

## SPIRIT

Education Fully Alive is what a Saint Patrick Academy education delivers. We are made in God's image, and He wants us to live in harmony and community with Him by connecting to His love. Our students will work in groups and teams while bringing each person's unique gifts and talents to bear. This facility brings faith fully into our co-curricular programming by promoting safe, challenging activities and programs that will help explore and fulfill our students' hearts with teamwork, community, effort, and pursuit of excellence. This will provide more space for the expansion of musicals, plays, and the performing arts. The facility will also lend itself to expanding summer programming as well.

## BODY

Our students have great energy and this will enable us to expand our physical education programming for the body with more frequent classes and after school activities. Increased movement through more running, jumping, playing, and healthy competition will make our students feel great and develop skills and healthy habits.

***"I would love a space for STEM! I love making the robots move! It's fun making the lights and face change on the Cue bots!"***

*~ Hayden, 8th Grade*
