Student Activities

Message from the Director of Student Activities

Dear Students, Parents, and Community Members,

At Saint Patrick Academy, we believe that “education fully alive” means offering our students faith-based experiences that nurture the mind, body and spirit. With that in mind, I am excited to present the latest edition of our Activities Catalog, highlighting the diverse array of student activities for the 2024-2025 school year.

Within these pages you will find an exciting list of programs, clubs and extracurricular activities designed to foster personal growth, instill core values, and strengthen our faith foundations. These opportunities aim to create a welcoming environment, allowing students to find their niche and feel connected to the community.

I am thankful for the participation and dedication of our students, staff, and volunteers, and I look forward to a wonderful year filled with activities and enrichment opportunities.

With Gratitude,

Pam Mandsager
